The Poet's Corner

This weeks poem is by Susan Polis Schutz

True Friends

There are many People
that we meet in our lives
but only a very few
will make a lasting impression
on our minds and hearts.
It is these people that we will
think of often
and who will always remain
important to us
as true friends.

Thank You For Your Friendship

What's Happening On And Around The Campus?

Graduation Rehearsal:

The graduation rehearsal is scheduled for June 8th at the Clatsop County Fairgrounds, beginning at 5:30 pm. Caps, gowns, and regalia will be handed out at this time. If you are unable to attend this rehearsal, please contact Lois Tivey in Student Services (TOWLER 200).

General Aviation Poster Contest:

Cash prizes and the chance to prepare a work sample are the incentives for a student poster contest to be judged during "The Revolution in General Aviation," a conference will to be held June 14-16 on the campus of Oregon State University. General aviation refers to all aviation other than military and the airlines.

The poster session, which will take place at the La Sells Stewart Center on campus, is open to full-time college students, who should bring their completed poster with them to the conference. Participants will be given an area six feet wide by four feet high to display their work. Pre-assembled posters, large single-spaced posters, or individual sheets can be mounted in the poster area where they will be judged.

Topics for the posters include: current and future developments in general aviation aircraft design; general aviation avionics; human factors in general aviation; general aviation and training; general aviation airports; general aviation and rural development; general aviation and economic development; general aviation careers; and general aviation in congested airspace.

Awards of \$250/\$150/\$100 will be offered in each of two categories: lower division undergraduates (first and second year), and upper division undergraduates and graduate students. Each school may nominate up to four student presenters for free conference registration (including two dinners and one luncheon). The number of awards will be determined by conference space and budget. People interested in the contest should contact David M. Hamby at the OSU Department of Nuclear Engineering for more information. E-Mail: Hambydm@ne.orst.edu. Or telephone: 541-737-8682.

This will be my last publication of the Bandit. Starting Fall-Term the Bandit will be taken over by someone new. I really enjoyed doing the Bandit, and will still be in the ASBG office as the Vice-President. I know whoever takes over the publication of the Bandit will do their best to keep you, the students, informed of what is going on around our campus. Thank you for your interest, Charnell Waller

LIVES IN TRANSITION

Destiny Fund

Somewhere, in a well-groomed cemetery, in a grave without a headstone, a tiny baby who changed 29 lives will be young forever. She was our "little angel" and we of the Lives in Transition Program are working to purchase a headstone for this small one. Many in this community, as well as here at Clatsop Community College, we feel can relate to a loss such as this. We have held bake sales, petitioned community leaders, and now we are reaching out to our college friends and family to help us. No amount is too small and anything you could contribute would be a blessing. Help us help our "Angel".

PSU Creates "Anywhere, Anytime" Courses

In addition to the traditional, on-campus courses, Portland State University's School of Extended Studies offers college-level courses by correspondence. There are no admission or residency requirements. Enrolling is easy. Tuition per credit is \$75. Start any time and take up to 18 months to complete a course. Students determine deadlines and exam dates. Access to instructors is by phone, email, mail, or fax.

The program, offered through Independent Study, creates opportunities for students who might not otherwise have access to higher education. Kathleen Scotland of Orlando, Florida, enjoys the ability to schedule courses around her busy schedule. She finds, "Taking courses at PSU offers freedom and flexibility. I can start reading the chapters, solve the problems, and place the answers online at a convenient time." Clara Chezem of Eugene, Oregon, agrees. "So many people put college on hold, but now they don't have to. This program allowed me to resume my studies and still take care of my children." Courses are available world-wide. Currently, people from 26 countries and all 50 states are taking Independent Study courses through Portland State University.

Who: PSU School of Extended Studies, Independent Study
